Dear Stanly:

I just wanted to thank you for putting together one of the most effective and enjoyable training programs I've ever participated in. Professionally prepared and effectively presented, your civil mediation program was outstanding. As I am now moving towards my fourth career change, I could not have had a better training opportunity. Several other participants offered this opinion as well. I feel very fortunate to have chosen your program given the other programs out there.

Please keep up the good work and I wish you the best of luck with all of your future endeavors.

With the greatest respect, I am,

*Donald H. Mason*
